

Shropshire Community Health NHS Trust - Long COVID Service 2025 update

Over the next 12 months Shropshire Long COVID service will continue to provide specialist support for patients who present with **breathlessness, chronic fatigue, vocational rehab needs, anxiety and depression.**

Referrals for suitable Long COVID patients are welcomed and are accepted via ERS. The service acceptance criteria remain unchanged and as we are therapy lead, we do require your ongoing support to provide the relevant diagnostic internal interventions and/or speciality referrals.

Further guidance and information regarding Long COVID can be found via the following link: www.longcovidsos.org/gp-leaflet-v1-0

Should you have any additional queries or concerns please do not hesitate to contact us at shropcom.postcovidmdtclinical@nhs.net. This email account is monitored regularly, and we endeavour to respond within 48 hours.

We would like to take this opportunity to thank you for your continued collaborative support in managing our mutual patients care.
